

## Middlefield Volunteer Fire Dept

July 17, 2014

Middlefield Fire Department would like to share our thanks to all the Departments that responded to the house fire on July 15, 2014 in Huntsburg Township. We wish to thank Montville for its fast response from another call to our location and starting procedures to quench the fire upon their arrival.

In these times of limited manpower and summer temperatures we appreciate the response effort given by each department responding. In recent times we have assisted, like you, with various requests for mutual aid. There is much to be said about hearing the sirens in the distance, knowing your help was almost there. Our appreciation can only be expressed with simple words, thank you.

We are indeed lucky, to have mutual aid departments available and willing to respond. Your expertise allowed the structure and many keepsakes to be saved for the homeowner.

Thank you once again for your help and assistance Tuesday afternoon. We appreciate that there were no injuries or damage incurred by any department. Maintaining safety always let's everyone to go home.

Sincerely,

Chief William Reed
